

ThundHerStruck

by Debra Stocker

ThundHerStruck, as former members of the AC/DC tribute band, Whole lotta Rosies played at a special birthday bash to welcome their new Rythym Guitar player Carin, aka 'Malcom' into the band. "It was a tough decision whether to use the name we had built and made such a success, or come up with something cool and new," said the women. "But in the end we felt it best just to move on-and up!"

And that's just what they have done: a new name, a new Web site, new pictures, and new bookings. Whoever said, "If you want a job done right, ask a woman to do it" must have had these 5 extraordinary women in mind: Andrea Zermeno "Cliff" on bass, Stephanie Leigh "The 'Rudd-ster'" on drums, Dyna Shirasaki "Bon/Johnson" on lead vocals, Tina Wood "Angus" on lead guitar, and Carin Totie "Malcolm" on rhythm guitar. In record time the band you've come to know and love will now carry on as ThundHerStruck, "The Ultimate All-Girl Tribute to AC/DC." It all makes perfect sense once you think about it. "Why NOT change our name?" they said. "It's not a name that makes the band good, it's the band, it's us, ThundHerStruck!"

The women received amazing support from all their promoters, friends, family and fans while making their transition, and the response was overwhelming, as were the fans who came down to the party! "We are looking forward to kick-ass local shows: The Rockin' the Rivers Festival with George Thorogood, and many other amazing events! We would like to truly thank you all for your support!"

Once Dyna took the stage this birthday party was non-stop. An amazing amount of energy comes from these musicians, and the fans here tonight were feeding on that energy too. They have a style all of their own, and play all your favorite AC/DC songs! Somebody say "shot!" Oh yeaaaah, these girls love a good party! And I know new member Carin's favorite is Jagermeister!

Tina, the band's lead guitarist is outstanding. Watching her, I was amazed by her talents, and so was the audience based on the response she was receiving from them. She's truly a good guitarist who

could hold her own with any guitarist out there-male or female!

However, this band's talent doesn't stop at the front of the stage. Buried behind a set of Pearl drums you'll find hard-hitting, heart-pounding, heart-stopping, Stephanie, a.k.a. "The Rudd-ster," on drums. And YES, take it from someone who knows, this woman knows how to pound them out!

You're mesmerized by ThundHerStruck's non-stop talent the moment they take the stage. Songs are from several AC/DC albums, including "Dirty Deeds" and their theme song, "Thunderstruck," and more. The entire stage all evening was filled with the passion these women have for the music! So much so that the crowd wouldn't let them off stage without an encore. These women put the "rock" in the word ROCK tonight! Totally awesome, better then ever, they're ThundHerStruck! Go party with the band you've come to know and love...as they continue to carry on rippin' it up as "THE ULTIMATE ALL-GIRL TRIBUTE TO AC/DC"-a "must see" experience!
